

Quality Policy

Barfield's Quality Policy is to provide its customers, employees and stakeholders the quality services and products in compliance to the industry requirements and regulations, while continuing to improve the effectiveness of its Quality Management System.

Quality Objectives:

- ✓ Top management has developed quality objectives, including those needed to meet requirements for products.
- ✓ Top management has determined that objectives at the company level provide sufficient focus for the QMS. Barfield's quality objectives are measurable and consistent with the quality policy.

Barfield's quality objectives are:

Commitment to strive for customer satisfaction through continuous improvement of:

- The reliability of our services and products while also promoting "Competitiveness is Value" by maintaining cost efficiency.
- The turn-around-time for services and products
- Relations and communication with customers and employees
